## 2 Teenagers Attend Camp In Mountains

Two Torrance teenagers are among 114 youths of the Crippled Children's Society who departed Monday, July 17, for a two-week session at the society's two resident camps, Joan Mier at the seashore and Paivika in the mountains.

Local teenagers attending are Louis Beauford, 22709 Fern Ave., and Josephine Sturges, 5506 Green Meadows St., both 17, who is vacationing at Camp Paivika.

Handicapped young people of 16 to 19 years will make up the camping session of Camp Paivika at Crestline. The first camp in the United States designed and built specially for the handicapped, Paivika accommodates more than 100 persons and enough counselors to provide the ratio of one counselor for every four campers which the society maintains at both camps to assure full care for those with serious handicaps.

During the summer, five two-week sessions are provided at each camp as an Easter Seal Service. No fees are charged, and campers are eligible whatever the nature of the handicap and whatever their heritage or creed.

## Dept. Sponsors Trip to Laguna

Reservations for the Torrance Recreation Department's theatre bus trip to the Laguna Festival of the Arts "Pageant of the Masters" on Sunday, July 23 are now being made.

A bus will leave the Torrance City Hall at 5 p.m. returning about midnight. The \$4.50 charge includes the bus transportation, ticket in the center section, and trip insurance. Reservations may be made at FA 8-5310.

The two-hour pageant will feature 24 famed paintings portrayed in living pictures, with models recreating the art works. The pageant, now in its 26th year, is produced

## Estey Appoints Chief Engineer

John R. Bartholomew, who was responsible for the custom installation of organs and allied sound equipment at Disneyland, has been appointed chief engineer of Estey Electronics, Inc., it was announced here today by Stanley Green, president.

In addition to designing special organ and sound equipment for the fabulous California amusement park, Bartholomew is also well known in the organ industry for his installation of a concert model organ and 22 tone cabinets in the Los Angeles Coliseum.

He designed the carillon installations in Los Angeles City Hall, and organ installations for the University of Southern California, the Shrine Auditorium in Los Angeles and many churches in Southern California.

A World War II Air Force pilot, Bartholomew was a design engineer for North American Aviation Corp. before entering the organ field. He joined Estey's engineering staff in 1956.

## PTA Directs Recreation

223rd Street School playground activities are underway, with a boys' tract team and a girls' tract team being organized.

Roller skating was participated in recently by a great many children. Recently a play titled "Secret Liding Place" was presented.

A boys' softball team and a girls' volleyball team are being organized. PTA members plan to treat the children attending this playground to snowcones three times this summer.

on the stage of the Irvine Bowl. The "Last Supper" by Leonardo da Vinci climaxes the show.

An exhibit of art work is displayed on the grounds of the festival.

IT'S A RECORD!—The Southwest Obedience Club will again play host to one of the largest licensed obedience trials in the United States. Three hundred sixty-eight dogs are entered in the July 22 event to run from 6 p.m. to 12 midnight at the Rosecrans Playground, 149th and Vermont, Gardena.
